optimal ratio of HQ to subordinate forces as BCTs depart theater, plans is determining the HQ staff requirements for varying levels of BCTs assigned in theaters, identifying any excesses in HQ staff personnel and redundancies between MNC-I and MNF-I. Corps provided comment to MNF-I FRAGO which is expected to be published in the coming month. Attended initial sync conference for OPT leads at MNF-I as well as sub OPT for operations. 7. TOPIC: Elections (Update)

DISCUSSION: Legislation: No recent progress on Elections Law or Provincial Powers Law

As of now, there have been 12 of 19 GEOs approved (one per province and two in Baghdad). That leaves 7 GEOs still to be nominated.

Voter Registration: Because there is still no operational budget for the IHEC, and due to those other difficulties, voter registration is unlikely to occur in January 2008.

Security: There is no definitive need for security assistance identified at this time. It was made clear that, as of now, MNC-I and MNF-I have no official requirements to provide security assistance for anything (actual elections or voter registration). We have been neither formally tasked nor informally asked to provide any assistance.

Provincial Elections: Earliest possible date for Provincial Elections, "if everything goes right" is June 2008, but much more likely is winter 2008, due to slow progress on legislation and lack of unified GOI position.

WAY AHEAD: 5 Feb 2008 MNF-I/USM-I EWG at the IZ; 12 Feb 2008 1000-1030 MNC-I Elections Working Group at the C3 Plans and Policy conference room.

8. TOPIC: Coalition Participation (No Change)

DISCUSSION: With the arrival of [redacted] (b)(3), (b)(6) in the MNC-I Coalition LNO Cell, C3 Plans has focused its coalition actions to the following items: (1) planning named operations that involve both US forces and a coalition MND (either MND-NE, MND-SE, or MND-CS), and also require corps enabler support, (2) tracking when the capabilities of coalition forces change dramatically enough to warrant either re-missioning of US forces or a boundary change, and (3) participating in WARFIGHTER exercises that train follow-on coalition partners.

POC: [redacted] (b)(3), (b)(6)

9. TOPIC: Base Consolidation and Closure (Change)

DISCUSSION: Base transfer / closures remain a conditions based approach driven by three major considerations: stability in the AO, ISF ability/capability to assume & hold

battle space, and funding for base consolidation. The current methodology is bottom-up driven with MSC nominating bases for transfer / closure and MNC-I approve closure requests and supports/monitors the MNC-I SOP base closure process.

All MNF-I properties within the IZ will transition to JASG prior to return to the GoI. JASG briefed DDCS SPA on the way forward. Brief included possible demolition of numerous buildings, as well as the inclusion of a permanent structure to be built where Freedom Rest resides. US Military forces FOB site is on the RONCO site.

MNF-West has submitted and intent to transfer Habbaniyah base to the IA. Staffing this action (request for issues) went out via DTU-FRAGO (29-JAN-08) and was also discussed during last Saturday's BMWG. No issues expected.

Next Action: MNF-I SPA has formed an OPT to produce an Aug-08 basing outlook based on MNC-I's Aug-08 assessment. This outlook will produce the current and projected basing needs from every MNF-I subordinate unit/agency across Iraq. This OPT effort feeds a MNF-I briefing to P4 in early Feb-08.

MNC-I Basing (b)(3), (b)(6) is presenting an MNC-I base transfer process info-brief to the MNF-I DCS R&S MG McHale on 31-Jan-08 (b)(3), (b)(6) and his SE2 Staff at R&S will attend and assist.

10. TOPIC: Establishment of Judicial Complexes (No Change)

DISCUSSION: During the conduct of the MNC-I OPORD 07-01 Brief, the CG MNC-I directed the MNC-I SJA to assume responsibility for the establishment of safe, secure judicial complexes throughout Iraq, modeled after the Rule of Law Complex in the Rusafa District of Baghdad. Additionally, the CG MNC-I provided guidance to establish

the first site in the city of Ramadi. Initial planning began with the development of a Concept Brief, which was briefed to the MNC-I C3. Upon briefing the C3, the MNC-I SJA section published WARNO 008 to provide notice to the major subordinate commands about this initiative and to assemble the Corps Judicial Complex Working Group (JCWG). Members of the JCWG include representatives from the Corps SJA, C4, C6, C7, C8, C9, and AT-FP sections as well as a representative from the Joint Contracting Command.

- Initial Site Assessment has been completed. Overall cost of project is now estimated to be \$11.6 million. Total completion time for project would be 120 days (assuming complete availability of site).
- Location for Judicial Complex in Anbar province has moved from Camp Blue Diamond to Hurricane Point, directly across the river. The move was made to accommodate the Provincial Governor, who wished to use portions of Blue Diamond for a governmental center. Current plans indicate that the Judicial Courthouse and administrative offices will be situated within a pre-existing building on Hurricane Point, and discussions and planning are underway for the location of the judicial housing (either on Hurricane Point or within Blue Diamond).
- Construction expected to begin on Judicial Complex at Hurricane Point in March 2008.

It further directs MND-C to initially determine whether a judicial complex is required within its AO NLT 20 JAN, and then subsequently to select a site NLT 1 Feb, if required. The purpose of the FRAGO is to begin necessary movement and place XVIII ABC in a position where they have sites selected, and can begin working through the planning and contracting process.
