Defining ICO C2 transition

Not a turnover of responsibility or oversight

- CP 1/2: 15 Feb ICOs complete OJT (individual quals)
- LS/RS modified RIP commences
 - ICO NCOs exercise C2 over CP under US tutelage
 - ICOs seen as “out front”
 - Upon evaluation from TIF CDR that unit reaches Level of Proficiency then US manning reduced
 - US manning 11 per shift without ICOs
 - ICO staffing 13
 - US reduced manning 7 after certification
- CP 7/8 ICOs start 30 day OJT 15 Feb
- ICO TOC still being developed
- Eventually move to the Detainee Transition Team (DTT) concept
- DTT composition, size, responsibilities, authority and timeline still under development
