Re-Integration Program:

At this time, in the “Fight”, one of the most valuable assets we have may be our detainees. The process of how we exchange, and re-integrate them back into the Iraqi society will effect this “Fight”.
Task Force -

Way Ahead:

“All Detainees should understand there is a process that can lead to Re-Integration.”

- They receive religious education
- They receive basic education
- They receive vocational education
- They are enrolled in a work program
- Family / Tribe involvement
- Parole, guarantor, work release program
TIFRIC: Five Phase Concept

TIFRIC Phasing

- **Phase I**

**Detainee Value Stream:**

- Detainees have a value in an exchange.
- The value of the exchange varies over time.
- The exchange of value can be agreed to via negotiation.
- Reconciliation is a negotiated exchange.
Task Force - 1.4a

A most valuable asset to Reconciliation and Re-Integration may be our Detainee Population

- TF 1.4a BattleSpace (close fight vs. deep fight).
- In contact with a thinking enemy 24/7.
- TF 1.4a BattleSpace effects your BattleSpace.
- Isolate the Irreconcilables.
- We support decentralized detainee interrogation and information exploitation.
- We support relocating detainees “Close to Home” IOT maximize the Re-Integration Process.
- To win we must Synchronize efforts between TF 1.4a and MNC-I.
